Dear Mr. Jones:

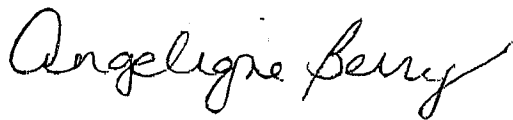

The City of Dakota City's application for I-Jobs II funding is for disaster recovery for their storm water system, as well as their sanitary sewer system.

The City does not anticipate the need to create a new City department nor fund to manage the proposed projects. Each project shall be maintained and operated by the city through existing personnel. Therefore we have not prepared a five year projection of revenues and expenditures.

However, we are hereby committed to allocating funds necessary for maintenance and inspection of the proposed improvements.

Please let me know if you have questions.

Sincerely,

Angelique Berry  
City Clerk / Treasurer
